

Community

- We are committed to community consultation throughout the project development.
- Further information will be made available on the project website, by newsletter and in local press.
- We are investigating community participation in the project, including in investment models.
- Please contact Gullen Solar staff for information, comment or feedback. Email info@gullensolarfarm.com, call 1800 725270 or www.gullensolarfarm.com.

Detailed Design

- In parallel with the environmental surveys, detailed design work will be undertaken.
- Site constraints will be considered and a final infrastructure layout will be determined.
- This layout will be assessed for potential impacts, with the results presented as part of the Development Application.

Environmental Investigations

- Surveys and assessments to be conducted include:
 - Physical impacts (soil, water, air);
 - Vegetation;
 - Fauna including ornithology and reptiles;
 - Aboriginal heritage;
 - Noise during construction and operations;
 - Visual impact;
 - Traffic assessment; and
 - Bush fire risk.

Environmental Investigations
Nov 2014 - April 2015

Detailed Design work
Feb - April 2015

Production of Impact Assessment reports and Development Application
March - April 2015

Development Application (DA) Submission
May 2015

Public exhibition of DA
May - June 2015

Determination of DA
Sept 2015

Pre-construction design and contracting
Sept - Dec 2015

Solar Farm construction
Dec 2015 - June 2016

Assessment Pathway

- Planning Approval would be sought from Upper Lachlan Shire Council.
- Final determination would be made by the Southern Region Joint Planning Panel.

Planning Process and Proposed Timescales
